MESA, Oct., 3.—Another block of paving will be completed by Saturday night and the energetic Red Cross women are staging another dance for that occasion. This time it is the block leading west along Main street, which is to be the scene of the festivities. On last Saturday night the net proceeds were \$99.78, and a gentleman standing near while the ladies were rejoicing over the result, raised the amount to an even \$100. It is expected that on the night of the next dance there will be any number of patriotic citizens who, whether or not they trip the light fantastic toe, will buy tickets galore.

Dancing will begin at 9 o'clock, as soon as the stores are closed.

Women's Liberty Loan Day Saturday

Mrs. Staldman, local chairman of the Liberty Loan drive, announces that Saturday October 5th, will be observed here as elsewhere over the United States as Woman's Day for the National Woman's Liberty Loan Federation.

This organization which has Mrs. William McAdoo as its president will put in the day in every city and hamlet of the country endeavoring to swell the amount needed for the success of the drive.

All subscriptions received on that day will be accredited to the federation.

The day is a fortunate one for Mesa inasmuch as the women are organized into a working committee which will canvass the streets for subscriptions during the dance.

Garages Will Observe Hours

At a meeting of the Mesa garages and service stations, held on Tuesday night, it was decided to comply with the request being made for the limiting of sales of gasoline to the hours between the opening hour each day and 6 o'clock in the afternoon.

Therefore hereafter the various places mentioned will close daily at 6 o'clock, excepting Saturday nights when the closing hour will be 8 o'clock. The action of the garage and service station men in this is solely to comply in every way possible with all requests made by the government, and while the step taken locally may not limit the sale of gasoline or the use of man power to any great extent, it at least places the firms in line as endeavoring to do their duty whenever called upon.

Between Dances

Your time will be spent, of course, enjoying our delicious
